Participation Agreement

I understand and accept the time and financial responsibilities associated with being a cast member of Lincoln-Way East's production of The Phantom of the Opera. I understand that my \$200 participation fee is due at the first all-cast rehearsal in January. I understand that multiple absences over and above what is written on the conflict section of this form is grounds for removal from the show. I understand that a partial or complete absence from a tech/dress rehearsal or a performance will likely result in my being removed from the production. I agree to conduct myself appropriately at rehearsals and performances, applying myself to all the work expected of me as a cast member, and being supportive, positive and kind to fellow cast, crew, parent helpers and production staff.

Parent Volunteering

We will need parent volunteers primarily towards the end of our rehearsal process moving into tech week and the performances. We do expect all parents to volunteer in some capacity. Sign-ups will be available upon the release of the cast list and the deadline to sign up will be the first rehearsal in January.
